

July 2003  
Ref. No. [051]

5CLE

Type CLE -R General Purpose Current Limiting Fuses  
Minimum Melting Time-Current Characteristics - 5.5 - 15.5 kV  
Curves are based on tests starting with fuse unit at ambient temperature of 25 C and without initial load. Curves are plotted to minimum test points so all variations should be positive.

CURVE 53653204  
July 2001  
Reference # 563532
