

5LCLS

Type LCLS5 - 2R thru' 24R Motor Start Current Limiting Fuses.
 Minimum Melting Time-Current Characteristics - 5.08.
 Curves are based on tests starting with fuse unit at ambient temperature of 25 C and without initial load. Curves are plotted to minimum test points so all variations should be positive.

CURVE 51285302
 January 2001
 Reference # 512853,
 563863.
